PROGRAM DESCRIPTION - Our music instruction goes beyond private lessons to develop the whole musician. The program has two parts: **1) private lesson** and **2) enhancement activities**. The private lesson teacher gives the private lessons and gives the student direction as to which **enhancement activities** are likely to be beneficial. The **enhancement activities** include student recitals (every seven weeks), master classes, community performances, guest artist presentations, and musicianship classes. The importance of these enhancement activities combined with the quality of our private lesson instructors cannot be overstated as this is what makes our students as successful as they are. We follow practices and procedures of safety for our students/families which can include social distancing, masks, hand sanitizers, avoidance of large groups. More info can be found in the opening statement of the 2023/2024 Student Handbook, which is on our website.

OPEN REGISTRATION and COMMITMENT: There are **35 weeks** in our full Academic Year: September 11, 2023 to June 4, 2024 (see Handbook calendar for more details). Through our Open Registration, students can start this program at any time during the year (subject to the availability of teachers). Upon registration, students normally commit to June 4, 2024 unless the private teacher agrees in writing to other arrangements.
